Chicago Methodist Senior Services

Post-Training Questionnaire

	True	False	
1.			When working with a frail older adult it is useful to eliminate distractions and make eye contact.
2.			People under the age of 65 cannot get dementia.
3.			If someone with dementia says something unkind, you should take it personally.
4.			When a confused older adult acts child- like, it is okay to then treat them like you would a child.
5.			If you witness something which makes you uncomfortable, the best thing to do is to not worry about it.
6.			Dementia causes cells in the brain to die.
7.			You should always try to correct someone with dementia.
8.			People with dementia can become suspicious, anxious & agitated.
9.			It is important for Volunteers/Interns to ask for support, if needed.
10.			Not smoking, being social and learning new things may help prevent dementia.
